**WARRIORS WAY** COACHING PROGRAM

MATLAB MASTER CLASS

WHAT YOU WILL LEARN

➕ Day - 01 Getting Started With Matlab

➕ Day - 02 Image processing using Matlab

➕ Day - 03 Video Processing using Matlab

➕ Day - 04 Medical Image Processing using

Matlab

➕ Day - 05 Graphical User Interface Matlab

➕ Day - 06 App development using Matlab

➕ Day - 07 Computer Vision using Matlab

➕ Day - 08 Fuzzy logic design using Matlab

➕ Day - 09 Neural Network using Matlab

➕ Day - 10 Machine Learning using Matlab

➕ Day - 11 Deep Learning using Matlab

➕ Day - 12 Neuro-Fuzzy Designer using Matlab

➕ Day - 13 Image Segmentation using Matlab

- Day - 14 Image Compression using Matlab

- Day - 15 Feature Extraction using Matlab

- Day - 16 Face Recognition using Matlab

- Day - 17 Augmented Reality using Matlab

- Day - 18 Image Denoising using Matlab

- Day - 19 Arduino Programming using Matlab

- Day - 20 Image Quality Metrics using Matlab

- Day - 21 Steganography using Matlab

- Day - 22 Real-time Object detection using Matlab

- Day - 23 Raspberry Pi programming using Matlab

- Day - 24 Speech Processing using Matlab

- Day - 25 Audio Processing using Matlab

- Day - 26 Data Hiding using Matlab

- Day - 27 Cryptography using Matlab

WARRIORS WAY COACHING PROGRAM

- Day - 28 Machine Learning and IoT using Matlab
- Day - 29 SLAM using Matlab
- Day - 30 Semantic Segmentation using Deep learning Matlab

WHAT YOU WILL GET

- Recorded videos ,Online support through forums when you practice Assignments .
- What we are teaching is a years of experience on Matlab, You could reduce your research time and learn on 30 days.
- All Video access for 60 days
- Download all source code
- PPTs
- Internship e Certificate
- Assignments

-

- 10+ Projects
